

HunchBuzz Idea Management

Crowdsource ideas and feedback from employees, partners and customers.

INNOVATION

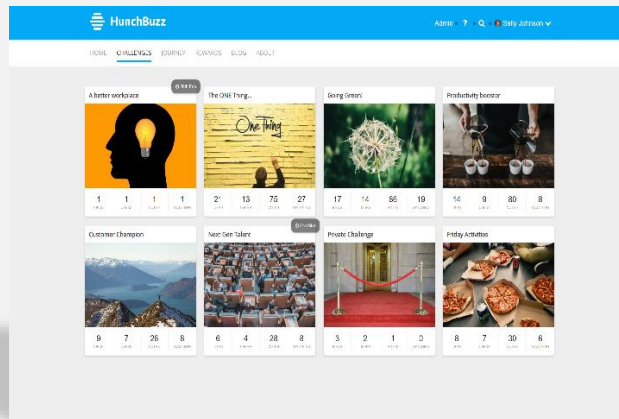

Capture new solutions to challenges and discover opportunities to improve processes, products and business models. Surface and test the best ideas, then turn those ideas into action.

EMPLOYEE ENGAGEMENT

Great ideas don't just come from management, new thinking can come from all areas of your organization. Let your employees be heard and contribute to outcomes.

COLLABORATION

Enable collaboration through an intuitive idea generation and evaluation process. Create targeted challenges that reflect the issues your business faces. Uncover diverse perspectives and break down organizational silos.

► **Define a challenge.** Guide the discussion with compelling questions to get people engaged and thinking.

► **Generate ideas.** Collaborate across your organization regardless of size, geography or working styles — hear everyone's voice.

► **Evaluate and act.** Let the best ideas rise to the top — validate and transition to active project management.

Hunchbuzz is an **idea management system** that enables organizations to crowdsource ideas from employees, partners and customers. It's used globally by organizations of all kinds to **manage innovation** and drive **employee engagement**.

Use HunchBuzz to capture and recognize new thinking. **Identify challenges and opportunities** to improve processes, products, services and business models.

Engage employees and customers in the innovation process and **encourage collaboration** to solve business problems. Build a repository of ideas over time so outcomes and discussions become embedded as part of your organizational memory.

“*The way to get good ideas is to get lots of ideas and throw the bad ones away.*”
